A Brief History

EMMAUS ACADEMY

Emmaus correspondence courses came into existence in Canada in the year 1941 to meet the spiritual needs of those who wanted to study God's word systematically but could not attend residential Bible schools. Today, people in 110 countries are studying Emmaus courses, available in 125 languages and distributed from more than 1200 Emmaus Bible Centers.

Emmaus International which operates from USA co-ordinates the work globally through Indigenous mission agencies. The beginning of Emmaus Bible courses in India dates back to 1952. Emmaus Bible courses are available in 15 Indian languages and the work is rapidly progressing in almost every state.

Emmaus Academy of Biblical Studies (EABS) is a correspondence academic initiative of the Emmaus India ministries launched in 2018. Currently, 1200 students are enrolled for EABS programs from across India and gulf countries.
